RFP # SAIC CoM 2015 RG R143822**

Answers to Questions

	<u>RFQ Section</u>	Question	Response
1.		Should the solution include a secure workflow with auditing, tracking, reporting and document security, or is this focused on the redaction only?	At this time, the focus is for redaction only.
2.		Is the RFP asking for a behind-the-firewall solution?	The redaction solution will be behind the firewall. Content to be redacted will primarily come from local and exported from Exchange OnLine, (hosted).
